## Company Overview

### General Overview

Hartford Technology Rental Co., LLC is a 100% U.S., veteran-owned small business and customer focused technology rental company; in business for over 20 years. HTR has a history of leadership in the technology rental industry and is the premier provider of customer-specific rental solutions. HTR rental solutions are used by Fortune 500 companies, Government agencies and are supported and distributed throughout the U.S from our 4 distribution offices located in Washington DC, New York, Chicago and Los Angeles metro areas.

### Experience

HTR is experienced in supporting a wide array of Government short-term programs such as:

#### **United States Forest Service Region 5 (BPA# AG-J61-B-0100)**

Since 2012, through a BPA award, we provide a wide array of technology equipment in support of the USFS Region 5 forest fires. We provide customized imaging and have successfully responded to extremely short lead times with 95% of orders requiring next day delivery.

#### **US Department of Veterans Affairs**

We have supported numerous training events both directly and indirectly as a sub-contractor. Our experience in supporting training events proved to be a successful fit for the VA.

#### **US Army**

As a subcontractor to various prime contractors, we have supported numerous Peer Review meetings for the US Army in providing laptops, printers and copiers.

#### **US Department of Justice**

As a subcontractor to CACI, we provide a variety of technology rentals for DOJ war room and courtroom setups.

### Why Hartford?
